

WYLLIE

District Improvement Plan 2019-2020

District ID: 221912

Date of Board Approval: 11-11-2019

Our Mission

To provide an education of excellence for all our students so they may function effectively, successfully, and productively in society.

Our Beliefs

- **That all students can learn with teaching and learning experiences that are meaningful and appropriate;**
- **That parents, community, teachers, staff, administrators, and Board of Trustees should be partners in the educational process;**
- **That clearly defined teaching and learning expectations should be communicated to the community, students, and parents;**
- **That a well-developed and progressive curriculum is the basis for instructional focus;**
- **That a dedicated, creative, and competent faculty, staff, and administration should share the responsibility of teaching the necessary skills to all students for real-world and lifelong learning;**
- **That a safe and orderly environment leads to a positive and effective school climate.**

Comprehensive Needs Assessment

Demographics

Demographics Summary

Wylie ISD is an ECC - 12th grade school district located in Taylor County. There are 7 campuses in the district consisting of one ECC campus, two elementary campuses, one Intermediate campus, two Junior High campuses and one High School.

The district is showing continued growth with multiple new housing developments currently being constructed within the district. The new growth has increased the enrollments at all of our campuses. Our overall increase in enrollment is 198 students at 4.2%. Our total enrollment is 4779 students.

The student population is ethnically represented as follows:

19.35 % Hispanic students - 69.33% White students - 4.26% African American students - 2.57% of Asian - 0.35% Native American students - 0.26% Pacific Isle.

The district has 20.6% Economically Disadvantaged, 1.7% LEP, and 22% At-Risk.

The district has two Title 1 Targeted Assisted campuses: Wylie West ECC and Wylie West Elementary.

The dropout rate for 2018-2019 was 0.9%.

Demographic Strengths

22 of 24 subgroups meet grade level performance goals.

Demographics Needs

Improve the achievement of our Asian student subgroup.

Continued intervention for targeted subgroups

Commitment to equity regarding diversity

Student Achievement

Student Achievement Summary

Wylie ISD earned an overall ‘A’ Rating under the A-F accountability system. At the campus received an ‘A’ rating as well. Wylie ISD students perform above the state and regional averages in all grade levels and content areas. Most student groups are consistently falling into the category of “approaches grade level” in all subject areas.

Wylie ISD uses several methods to disaggregate and analyze data. Campuses use benchmarks to conduct progress monitoring for struggling students. The district also uses DMAC to analyze campus benchmark assessments. We have also disaggregated preliminary STAAR/EOC results to determine strengths and weaknesses. Students are provided with tutorials and or Intervention Periodtime for remediation. It is also necessary for us to adjust the type of instruction provided to our special education students to make sure they are successful at a higher cognitive level. All grade levels are implementing programs and activities to improve STAAR and EOC score for all RTI and Special Education students. Programs have been implemented to improve Reading for Title 1 students in grades PK-2.

Student Achievement Strengths

The percentage of College-ready graduates is above the state average

Community involvement

Student Leadership opportunities

All campuses have RTI process in place to monitor and develop interventions as needed

Wylie ISD staff share a common understanding of the major components of the Response to Intervention framework. There is an increased understanding and stronger implementation of the framework at the elementary and intermediate level than at the secondary level. The district utilizes a number of tools to monitor student learning and proactively identify potentially struggling students. District-wide staff members have processes and put vocabulary in place for teaching problem solving. All campuses use benchmark assessments to obtain early identification of struggling students in order to provide targeted intervention and have intervention strategies in place to encourage student achievement.

2019 STAAR Scores

		District	Region	State			District	Region	State	
Reading	Grade 3	89%	75%	76%	Science	Grade 5	91%	69%	74%

Student Achievement Needs

Wylie ISD will use the data to address identified needs in both regular and special education student achievement.

The secondary campuses will use the elementary and intermediate model for RTI to implement a more focused RTI program on those campuses.

Secondary campuses will focus more on targeted intervention based on student individual needs.

All campuses will use incremental testing to identify student weakness and will provide early intervention to address those needs. Students will be directed to tutorials as well as in-school intervention assistance.

Continue to provide professional development opportunities aimed at increasing student achievement.

Continue to show one-year growth in Reading and Math.

School Culture and Climate

School Culture and Climate Summary

Each campus in Wylie I.S.D. has developed a plan for Positive Behavioral Support that addresses the needs of that campus.

The elementary and intermediate campuses focus on the development of strong character traits and decision-making. Students are taught that each choice they make, good or bad, comes with a positive or negative consequence.

At the secondary campuses, the plan focuses on behavioral expectations in order to provide maximum learning opportunities in the classroom setting. Secondary campuses have a high level of participation in co-curricular and extra-curricular activities. Many students participate in multiple activities.

Student safety is a high priority and efforts are taken each day to ensure safety.

School Culture and Climate Strengths

Wylie I.S.D. staff members develop ownership and commitment to the students and campus goals.

Character development is emphasized through the Character Counts and the Bulldog Bridge programs.

The lower grade campuses utilize the Watch D.O.G.S (Dads of Great Students) program which involves father figures to help create a safe and secure learning environment.

Community Involvement and support

Parental Involvement

Student Safety remains of paramount importance to the Wylie ISD and has been demonstrated by:

- Investment in the Marshall Program.
- Controlled entries established at each campus.
- Safety Drills

Watch D.O.G.S (Dads of Great Students) increases parental involvement and awareness.

School Culture and Climate Needs

Each campus must ensure that systems are in place to provide consistent enforcement of campus and district expectations.

Students are unable to reach maximum performance unless there is an environment that is conducive to success.

Continue to implement procedures for various safety/emergency situations.

Staff Quality, Recruitment, and Retention

Staff Quality, Recruitment, and Retention Summary

Wylie I.S.D. maintains a 100% Highly Qualified staff at all times. Wylie ISD currently has 616 staff members with 330 of those being classroom teachers and 78 instructional aides. At the end of 2018-2019, Wylie ISD had 4 teachers retire and 25 leave the district.

New employees are involved in an induction program consisting of New Teacher Orientation, Texas Teacher Evaluation System (T-TESS), Based on the new employee's assignment, staff members are required to receive training in Crisis Prevention Intervention (CPI), CPR, ESL/TELPAS/GT certification. New teachers are assigned a mentor teacher.

Staff members are recognized annually for years of service (increments of five years) to the district at the district's closing ceremony. In addition, staff members from each campus are nominated and selected by their peers to receive the "Teacher of the Year" award.

Staff Quality, Recruitment, and Retention Strengths

Wylie ISD provides a strong professional development program for employees. Instructional staff members have access to online as well as face-to-face sessions over topics that are targeted to their interests and instructional assignment. Staff members choose summer sessions that address their professional goals to attend that can then be used for comp –time during the school year. All professional development sessions are approved by the campus principal to monitor training. Staff members can also enter professional development sessions they attend on their own through Region 14 Pit Stop. Campus administrators provide for the implementation and supervision of campus mentoring programs for all new staff. Instructional specialists and coaches are also provided to assist with lesson planning, curriculum development, and instructional presentation.

Staff Quality, Recruitment, and Retention Needs

An increase in retention is an area of need, particularly at the high school campus. An increase in staff stability along with targeted professional development is the key to improving student achievement at these campuses. With a stronger presence of administrators in the classroom and an increase in the emphasis on continuous student engagement, the instructional focus for the 2019-2020 school year must be strengthening the Tier I level of instruction. Providing that high level of support and intervention for the instructional staff will improve the quality of instruction as well as produce a positive school climate.

Curriculum, Instruction, and Assessment

Curriculum, Instruction, and Assessment Summary

Wylie ISD uses Texas Essential Knowledge and Skills as the foundation of the curricular program. Each campus develops a timeline for assessing student performance periodically throughout the school year and the data from those assessments are used to direct instructional focus. Wylie I.S.D. has a variety of assessment tools available to provide data for diagnosis including Star Reading Assessment, AIMS web, Aware, campus CBAs, and GT screening. Students are placed in the intervention model that is least restrictive but will provide the most productive acceleration of learning. Professional development in differentiating instruction has been provided to all staff members and use of this practice is monitored throughout the district. Identification and targeted intervention at the individual student level is a priority at all campuses.

Curriculum, Instruction, and Assessment Strengths

Teachers work collaboratively to develop and implement instructional objectives. Students who are unsuccessful are identified early and provided targeted intervention opportunities. The district uses DMAC (Data and Management Software for Assessment and Curriculum) to disaggregate the data. That data is used by classroom teachers, specialists, and administrators to address the needs of individual students. Wylie Junior High has double blocked classes in Reading and Math to provide additional sustained instructional time. Wylie High School offers double blocked math classes to provide more instructional time. All campuses provide tutorial or intervention opportunities for struggling students.

Curriculum, Instruction, and Assessment Needs

Wylie West and East Elementary campuses as well as Wylie Intermediate have strong intervention systems in place. Wylie Junior High and High School need to strengthen their identification and analysis systems in order to provide the strongest intervention opportunities possible. Continued training in differentiation is needed to strengthen staff, especially the new teachers. Frequent walk throughs in all classes by administrators will identify continued areas of need. Secondary staff must also receive more training on the use of data to guide instructional decisions.

Family and Community Involvement

Family and Community Involvement Summary

Parent and community involvement is a vital factor to the success of Wylie ISD. There are numerous opportunities to become active participants:

- Campus Educational Council
- PTO
- Watch D.O.G.S.
- Kindergarten Roundup
- Parent Information Nights
- Open House
- Veteran's Day Program
- Safety and Security Committee
- Parent of the Month
- Wylie Bulldog Education Foundation
- Career Day
- TOTS Program
- Field Trips
- Bookfairs
- Booster Clubs
- Project Graduation
- Family Nights

Wylie ISD has numerous opportunities for parents to be involved in all aspects of the educational process. Each campus has a Campus Educational Council which includes parents, community members, and business members. Announcements of openings for campus committee positions are posted in the newspaper and on the district website each year. Wylie PTO has representatives on each campus and monthly meetings to solicit parental involvement. The district website is maintained to provide current information on events and announcements important to parents and community members. The use of Blackboard as an information delivery system to send out important information through emails and texts is a valuable tool to keep parents informed. Student grades and attendance information is available through a parent portal that can be accessed online.

Family and Community Involvement Strengths

- Parents Actively involved in their child's education
- Parent participation in specialized committees
- Community business partners actively support the mission of the district
- Extra-curricular programs in which parents and employees work together to enhance student involvement

Each campus has a series of events each year to provide parents and community members an opportunity to see first-hand what is happening on each campus. Open houses, family nights, parent-teacher conferences, program meetings, holiday programs, and culminating presentations are just a few of the ways Wylie ISD campuses reach out to community and parents. Wylie West and East Elementary as well as the Early Childhood campuses holds Title 1 parent nights twice a year.

Family and Community Involvement Needs

- Continue to emphasize parental involvement
- Continue to solicit input and feedback on committees and survey

School Context and Organization

School Context and Organization Summary

Wylie ISD uses surveys and campus committees to identify needs and develop plans for addressing those needs. Wylie ISD focuses decisions on the Eight Components of a Title I Targeted Assistance Program. Teacher input is solicited and valued in developing campus practices that support instruction and learning. Each campus has developed a plan to identify classroom instructional weaknesses as well as individual student weaknesses. The challenge becomes developing a consistent, effective plan for addressing those needs to ensure student success and the growth of strong student engagement.

School Context and Organization Strengths

Teachers at the elementary and intermediate campuses are provided common planning times each sixweek period to allow for collaboration and lesson development.

Campus staff has a good understanding of good instructional practices and intervention techniques, although many still need practice and support in the implementation of those practices.

School Context and Organization Needs

The classroom setting is the primary learning environment at campuses and must be supported by all other programs.

Removal from the instructional setting should be avoided when at all possible in order to provide maximum learning opportunities.

Instead of students being "pulled out" of classrooms, instructional support must be sent into the classrooms to build up the Tier I instruction.

Consistency in grading policies and instructional expectations across grade levels and subject areas is an area to be addressed.

The need for common planning time is a need across all campuses.

Teachers also want more opportunities to learn from each other through observations and peer coaching.

Technology

Technology Summary

Wylie ISD is committed to providing technology resources to help our students be successful in the 21st century environment. Student instruction integrates current technology resources as a tool for learning. Campuses have a variety of tools such as desktops, laptops, netbooks, iPads, Promethean Boards, Smart Boards, projection devices, and software programs that can be used to address particular instructional strategies and learning styles. Teachers receive professional development on the integration of these tools for authentic learning.

Technology Strengths

Every classroom in Wylie I.S.D. has access to Internet and all campuses have interactive whiteboards.

District technology support provides services to ensure equipment is working properly so teachers can integrate technology into daily teaching practices.

One area of technology focus has been in the special education environments to provide students away to level their access to the full range of curriculum.

Classrooms are provided with iPads at all campuses.

Technology Needs

Each campus has a variety of proficiencies among staff on technology capabilities.

Administrators need to continue to identify areas of need and provide opportunities for professional development to address those needs.

The availability of on-demand technology help is needed to allow teachers to get assistance as they need it to maximize instructional use.

Reluctant staff members need to be supported and encouraged to continuously find ways to incorporate technology into the instructional program in their classroom.

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

- District goals
- Campus goals
- TAPR data -current
- AYP data
- PBMAS data
- Professional learning communities discussions
- Campus and/or district planning and decision-making committee meeting discussions
- Local benchmark or common assessments results
- Number of students assigned to special programs and their academic achievement
- Drop-out rates
- Attendance data
- Discipline records
- Violence and/or violence prevention records
- Student surveys and/or feedback
- Community and/or parent survey sand/or feedback
- Staff surveys and/or feedback
- Prior year budgets/entitlements and expenditures in relation to current year funding and priorities
- State and/or federal planning requirements
- Campus leadership and/or department meetings
- Campus faculty meeting discussions
- District Site Based Committee Meetings
- Discussions Student failure and
- /retention rates
- Student Success Initiative (SSI) results
- Prior year(s) campus and/or district improvement plans
- Staff development evaluations, surveys, and/or needs assessment(s)
- State of Texas Assessments of Academic Readiness (STAAR) results including STAAR(Accommodated), STAAR-Alt and STAAR L testing requirements
- Texas Primary Reading Inventory (TPRI) or Tejas LEE results
- Texas English Language Proficiency Assessment System (TELPAS) results
- End-of-Course (EOC) Assessments results
- Advanced Placement (AP) and/or International Baccalaureate (IB) test results

- SAT and/or ACT test results
- Special education population, including performance, discipline, attendance, and mobility
- At-Risk population, including performance, discipline, attendance and mobility
- ELL population, including performance, discipline, attendance and mobility
- Gifted population, including performance, discipline, attendance and mobility
- Career and Technical Education (CTE) population, including performance, discipline, attendance and mobility
- Class size data
- Texas STAR Chart
- Campus committee meeting discussions
- TAPR Data Released from TEA
- Completion Rates/Graduation Rates
- RTI Committee Minutes & Intervention Processes
- STAAR/ EOC Data released from TEA

Comprehensive Needs Assessment Data Documentation

GOAL 1: ALL WYLIE I.S.D. STUDENTS WILL ACHIEVE THEIR FULL EDUCATIONAL POTENTIAL

SUMMATIVE EVALUATION: Texas Academic Performance Report needs survey, SBDM, plans, reports, test results, evaluations, professional development and conferences.

OBJECTIVE 1: Students will perform at the following levels on the Texas Academic Performance Report.

District Policy on Sexual Harassment and Dating Violence

As required by state law, the district has adopted policy regarding sexual harassment and dating violence, and this policy is included in the DIP. Specifically, district policies FFH(Local) and FFH(Exhibit) address sexual harassment and dating violence under the broader category of Student Welfare.

The preamble to district policy FFH(Local) states:

“The District prohibits discrimination, including harassment, against any student on the basis of race, color, religion, gender, sexual orientation, national origin, disability, or any other basis prohibited by law. The District prohibits dating violence, as defined by this policy. Retaliation against anyone involved in the complaint process is a violation of District policy.”

State Compensatory Education Statement

State compensatory education funds were authorized by the legislature to provide financial support for programs and/or services designed by school districts to increase the achievement of students at risk of dropping out of school. State law, SECTION 29.081, Texas Education Code, requires districts to use student performance data from the state legislatively-mandated assessment instrument known as the Texas Assessment of Knowledge and Skills(TAKS) tests and any other achievement tests administered under Subchapter B, Chapter 39, of the Texas Education Code, including norm-referenced tests approved by the State Board of Education to provide accelerated intensive instruction to students who have not performed satisfactorily or who are at risk of dropping out of school. These funds are used only to meet the costs of providing a supplemental compensatory, intensive, or accelerated instruction program. Criteria for identification of students at risk of dropping out of school is defined under Section 29.081 of the Texas Education code.
